

Declaration and Statement of Authorship and Academic Integrity “IPNxxxx”

I hereby confirm that:

- ✓ I have not impersonated, or allowed myself to be impersonated by any person for the purposes of this assessment, nor have I allowed others to complete (parts of) the present assessment;
- ✓ the present assessment is the result of my own independent thinking and reasoning;
- ✓ I did not copy or make use of other students’ work or unauthorized sources nor did I provide others with the opportunity to copy or use my work.
- ✓ I give permission for my assessment response to be reproduced, communicated, compared and archived for plagiarism detection.

I agree and acknowledge that

- ✓ I have read and understood the Declaration and Statement of Authorship and Academic Integrity above.
- ✓ I accept that use of my Maastricht University account to electronically submit this assessment constitutes my agreement to the Declaration and Statement of Authorship.
- ✓ If I do not agree to the Declaration and Statement of Authorship in this context, the assessment outcome will not be valid for assessment purposes

Note that FPN has not opted for audio-visual monitoring of you and your environment (i.e., online proctoring). Instead, our trust in you constitutes the starting point for assessment¹. Nevertheless, the quality of assessment and the value of your diploma remain our concern. Thus, your work will be subjected to an advanced plagiarism check that is capable of detecting a wide range of plagiarism types. Immediate sanctioning will apply in case fraud occurs or when there exists reasonable ground to assume that it has occurred – in line with the Rules & Regulations².

As an additional measure, we ask you to stay available via mobile phone for 1.5 hours after the exam has ended. An examiner has the right: 1) to call a student to ask further questions about the exam as a way of verifying that it was in fact the respective student – and not somebody else – that made the exam or 2) to call a student whenever the exam gives reason to suspect fraud.

¹ In line with the academic attitude described in the FPN Code of Conduct:

² The university’s education and exam rules / rules & regulations state that fraud, including plagiarism, is understood as a student’s act or failure to act that makes it partially or fully impossible to correctly assess the student’s knowledge, insight and skills. The detection of fraud – or reasonable suspicion for that matter - will result in the invalidation of the present assessment. Repeat offenses of fraud are, either within the faculty or at another UM faculty, considered an aggravating circumstance and measures can be imposed accordingly.
