Electives abroad in Year 3 (Fall 2022)

Faculty of Psychology and Neuroscience

Maastricht University

1. Meet the International Relations Office (IRO)!

- **Ms. Merlijne van Overbruggen**
Co-ordinator International Relations Office

- **Ms. Ellen Blaauw**
International Relations Officer

- **Ms. Debbie Bloot ***
International Relations Officer

* replaced by Ms. Zulema Menendez during pregnancy leave (until mid-March 2022)

2. Why study abroad?

Global Awareness and personal development

- Fun and exciting experience!
- Get to know a different country, culture, people, language
- Improve your skills in cross-cultural communication, global literacy, critical thinking, flexibility and adaptability to new situations;
- Be exposed to different ways of thinking and living, giving you a fresh perspective on your own thinking and way of life, etc.

Academic and career opportunities

- Take courses UM does not offer, and discover how your chosen field of study is regarded in another country;
- Increase your employability and job prospects

→ *Not sure if studying abroad is the right choice? Talk to us / exchange students!*

3. UM COVID-19 policy on exchanges abroad

The UM Executive Board has decided to continue mobilities abroad in spring 2022, provided that the following conditions are met:

- Exchanges within the [EU](#), [Erasmus+ Programme Countries](#) and Andorra, Monaco, San Marino, Switzerland, the Vatican City State and UK, are allowed to destinations with a color code green, yellow or orange [travel advice](#).
- Exchanges outside of Europe are allowed, provided that the destination is included in the (regularly updated) [EU Safe List](#) (at the time of departure);
- Students are only allowed to travel to a code *orange* destination if the exchange is offered fully or substantially in-person;
- An exchange in a code *orange* region that takes place fully online is not allowed (an online exchange from Maastricht/home country is allowed);
- Exchanges in regions with a color code *red* are never allowed.

You will be informed through the UM/FPN information channels once a decision has been made on the UM policy for exchanges abroad in Fall 2022.

See the [UM COVID-19 website](#) for the impact of COVID-19 on studying abroad.

4. Impact COVID-19 on electives abroad

- Despite an allocation, your exchange may be have to cancelled after all. E.g. in case your host university suspends the (physical) fall 2022 exchange, due to travel restrictions, or if the travel advice for your destination changes to red, or no longer appears on the EU safe list. It is important to keep yourself informed of the travel advice and to stay in close contact with us;
- If your exchange is cancelled, you can choose an alternative (still available) exchange spot, do an online exchange (if offered by host university), electives at FPN, or UM minor;
- Be aware that possible financial, academic and health consequences of an exchange abroad are entirely at your own risk;
- You are responsible for making the necessary arrangements (e.g. taking out adequate health, travel and liability insurance), and for keeping yourself informed on the safety situation and travel advice;
- Any costs incurred due to the COVID-19 pandemic, such as (late) cancellation of a flight, (forced) repatriation, or illness, are borne entirely by the students (unless covered by their travel and/or health insurance, or unless covered by Erasmus+ Force Majeure: see FAQ's on [UM COVID-19 website](#)).

5. Who can participate in the selection?

Selection criteria:

- Second-year Bachelor students (you started in 2020-2021)
- All first-year courses obtained at the time of the registration deadline at the very latest*

* Less than 60 ECTS in Year 1? You can apply for an available spot after the selection, once Year 1 is completed

6. Registration: how and when?

- **Online registration form** available on <https://www.askpsy.nl/iro/electives-fall-2022> as of **Thursday 16 December 2021**.
- **Registration deadline:** **Thursday 6 January 2022, 12:00 hrs. noon.**

Still in doubt? Do register! You can still withdraw before submitting your university preferences.

- **Confirmation of registration**
Thursday 6 January 2022: confirmation per e-mail

7. Application: university preferences

- **Application period:**
Monday 17 January 2022, 12.00 hrs. noon: application opens
Wednesday 2 February 2022, 12.00 hrs. noon: application closes
- **Online application form** for submitting 6 (or less) universities of your preference available on www.askpsy.nl/iro/electives-fall-2022

Important!

- Minimum GPA 7,0 for several universities outside Europe!
- Minimum recommended level of language proficiency: B2. Some universities require a proof at time of application
- Not possible to do your exchange in country of origin (where you were born and raised)

8. Available universities

- **See partner information pages www.askpsy.nl/iro/fpn-partner-universities**
Check host university website, read the experience reports and contact (former) exchange students, contact the IRO (not the partner university!)
- **List of available universities/places for Fall 2022**
(provisional) list of available places for Fall 2022 is published on www.askpsy.nl/iro/electives-fall-2022 on **Thursday 16 December**. Less/no places may be available at universities due to imbalance, or COVID-19.
- **New exchange destinations!**
Tec de Monterrey (Mexico), IE University Segovia (Madrid), OsloMET (Oslo)

Note:

- *you can only take electives abroad at an FPN partner university (selection through FPN IRO), not as a freemover*
- *elective abroad period is limited to one semester, in Fall 2022*

9. How to choose the right university?

- **Things to consider:**

Academics (courses), culture, language (requirement), finances, academic calendar (differs per university), small/big university/city, future plans, etc.

- **Find out about the experiences of former students!**

Read their essays, contact former/current exchange students.

See www.askpsy.nl/iro/fpn-partner-universities

- **Discuss your options with the IRO**

10. Allocation of study abroad spots (I)

- **Allocation based on ranking position**
Allocation of places is done according to your ranking position.

Horizontal allocation of study abroad places.

- **Allocation:** sent by email on **Tuesday 8 February 2022**

11. Allocation of study abroad spots (II)

- **Allocation = confirmed**

An allocated spot is 'confirmed'. Switching is not possible. So make a careful decision about your university preferences.

Note: Students who failed a course in period 2/3 of Year 2 are selected provided that they pass the resit(s). If they fail the resit and cannot (or don't want to) compensate, the allocation is cancelled.

- **No allocation?**

Students who didn't get an allocation through the regular selection can apply for a still available spot after completion of the selection.

- Students who couldn't participate in the regular selection, can apply for a remaining spot after completion of the selection on a first-come, first-served basis (once they have completed year 1). Still available places will be published on AskPsy.

12. Application at host university

- **After selection**
 - Nomination by FPN/IRO
 - Application at host university
[application procedures and deadlines differ per university!]
 - Pre-departure session (compulsory) in March/April 2022
(incl. Intercultural Awareness assignment)
- **Information from host university**

Host university will send information about application and course registration procedure, housing, etc. per e-mail (through IRO and/or you)

13. Approval for elective period abroad

- **Requirements for electives abroad:**
 - Year 1 and Year 2 (P1, 2, 3) and research participation (SONA) completed 6 weeks prior to start of exchange.
 - See Education and Exam regulations (EER) Bachelor 2020-2021 and www.askpsy.nl/electives-abroad
- **Course approval by FPN Board of Examiners:**
 - Online application on www.askpsy.nl/electives;
 - Your university allocation is only final after receiving official approval!
- **Failed one or more second-year courses (period 4, 5, 6)?**

This is allowed. You can participate in the re-sit(s) after return

14. FPN course requirements for electives abroad

- **Available courses / courses chosen by former students**
Refer to host university website, essays former exchange students, overview approved courses
- **FPN course requirements**
 - Minimum level of second-year Bachelor or higher;
 - Related to objectives of FPN Bachelor programme;
 - No overlap with mandatory courses of the FPN Bachelor programme;
[electives must be approved by the Board of Examiners prior to exchange]
- **Workload?**
24 ECTS in electives (or combined with MaRBLe, or practical internship)
- **Less than 24 ECTS?** Resit at host university or elective at FPN/UM in period 3.
Not possible? Submit request for alternative to Board of Examiners.

15. Language preparation

- **Recommended language proficiency level: B2 (CEFR)**
IRO doesn't ask for language certificate. Your responsibility to have an adequate level. Host university may ask/require an official proof of language proficiency or TOEFL score at time of application. Check the partner university requirements on www.askpsy.nl/iro/fpn-partner-universities
- **Language of instruction**
Either language of host country, English or a mix (English + local language)
- **Language course**
At UM language centre, host university/country or other language institute.
- **Erasmus+ Online Linguistic Support (OLS)**
Online language test + language course (free of charge) for EU exchanges.
See www.erasmusplusols.eu

16. Money matters

- **Estimation of costs**

See university websites, essays of former exchange students and www.wilweg.nl/landen/

- **Tuition fee waiver**

Exchange takes place through a formal exchange agreement

You are registered and pay tuition fees at UM; no (tuition) fees charged by host university. Some universities outside Europe charge small admin fees for issuing transcript, visa, pick-up service (e.g. Stellenbosch, Rio).

- **Student travel card (OV) compensation**

Get a compensation by temporarily submitting your travel card

17. Erasmus+ scholarships (through IRO)

- **Erasmus+ scholarship**

For exchanges in Europe (Erasmus+ participating countries).

Online application as of Spring 2022. Grant amount to be announced.

[monthly amount Fall 2021: (€240-€360)]

- *Excl. UK and Switzerland (Swiss government provides alternative grants)*
- *top-up for students with disadvantaged background / green travelling*
- *In 2021/22 students whose E+ exchange is cancelled due to COVID-19, may receive a (partial) refund of costs incurred (E+ Force Majeure regulation): not decided if this applies to 2022/23*

- No FPN funding scheme for exchanges outside of Europe or UK

- Other options? Check www.beursopener.nl www.european-funding-guide.eu, www.scholarshipportal.com.

18. More information?

- **More information?**
 - www.askpsy.nl/iro/electives-fall-2022
 - www.askpsy.nl/iro/fpn-partner-universities (university specific information, and essays and contact details former exchange students)
- **For updates on COVID-19 in relation to studying abroad:**
 - [UM COVID-19 page](#) and the [FPN COVID-19 page](#);
 - (COVID-19) website of host university;
 - UM and FPN News letters;
 - your UM email. We will inform you of any new developments should this impact your Fall 2022 exchange

- **Questions?**

- Submit your questions through www.askpsy.nl/contact;
- Ask for online meeting. Tuesday/Thursday 10:30-11:30 hrs (extra timeslots during selection)

We're happy to assist!

- **Additional Q&A session on electives abroad (early January).**

Update on UM COVID-19 policy, and to answer specific questions.

Marble: Research based learning 2022-2023 Generation 14

the mind is not a vessel
to be filled,
but a fire to be kindled
(Plutarch, 46-127 AD)

Marble: selective elective

Between 40 and 60 students will be selected for participation. Students are selected on study results in the first 3 semesters of the bachelor program.

In September, you must be in your third year of study and must have completed all of the courses of the first two years.

Students who are not in the top 20% of their cohort can still be selected in a second round on the basis of a motivation letter and a reference of their supervisor in the research practical.

Marble: tailor-made education

Within the Marble framework, talented and motivated students are encouraged to gain further experience in planning, conducting, analyzing and presenting research individually or in pairs.

Tailor-made Marble is a natural extension to the existing program which allows students to earn credits as part of their electives and write an empirical bachelor thesis on these findings.

Marble: abroad

Students who want to spend some time studying abroad doing research are also invited to apply for a tailor made Marble project abroad. In some cases, students can be supervised by senior scientists who are not a member of the Faculty of Psychology and Neuroscience. In these cases, a member of the FPN staff will be appointed as a local liaison. All the projects must be supervised by an expert on the specific topic of the research. **Please note that only 20 wild cards are on offer for Marble abroad, based on first come first serve.**

Marble: supervision

Students are encouraged to also contact supervisors who are active in the research practical. The project coordinator, Arie van der Lugt, will also assist in matching student research interests with those of the scientific staff.

Marble: procedure

1. Selection top 20% (invitation via mail, first week of May)
2. Registration 1st round (deadline May 2022)
3. Registration 2nd round: motivation (early June 2022)
4. Selection 2nd round (mid June 2022)
5. Complete list of candidates (end June 2022)
6. Choice of theme & supervisor (early September 2022)
7. Submit ERCPN proposal (early October 2022)
8. Research Project (End of October-End of January 2023)
9. Write-up empirical bachelor thesis (January-April 2023)
10. Final presentations (July 2023)
