

# Master Neuropsychology

## Internships

NP&PP  
Sept 2023, Maastricht

Michael Schwartz  
[michael.schwartz@maastrichtuniversity.nl](mailto:michael.schwartz@maastrichtuniversity.nl)  
Ieke Winkens  
[i.winkens@maastrichtuniversity.nl](mailto:i.winkens@maastrichtuniversity.nl)

# Programme

- **Research** internships in the 1-year master
- **Clinical** internships in the 1-year master
- The slides of this presentation will be put on AskPsy  
<https://www.askpsy.nl/internship/per-programme/internship-details-1yma-np>

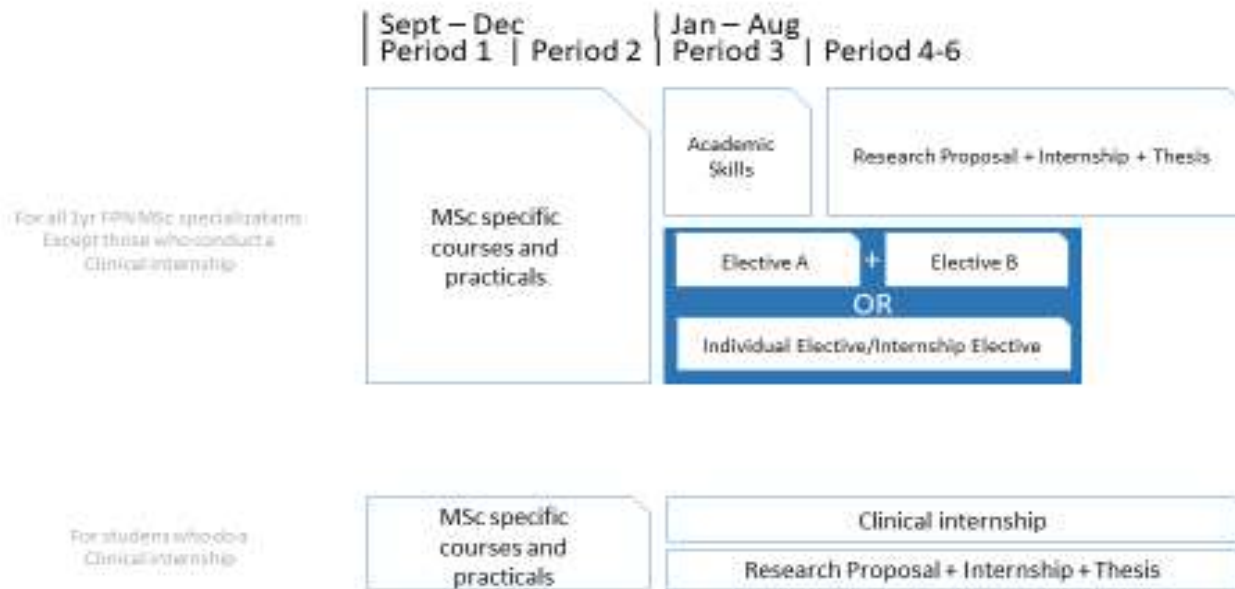

# NP internships

- Research internship: mandatory for all students
- Research and clinical internship possible: clinical variant
- Choose between the research variant vs. clinical variant
  
- Important part of your study ...
  
- Professional career starts with an internship:
  - your first working experience
  - your first research experience
  - it is your future
  - think of a topic
  - explore the many possibilities

# Master NP curriculum

- September–December:
  - Brain functioning
  - Neurobehavioural functioning
  - Optimising brain and behaviour
  - Methods of assessment
  - Practical training: Neuropsychological assessment
  - Practical training: Basic cognitive psychological skills
  
- Research variant: (if prerequisites are met)
  - January-August: Electives
  - (September-)January(-June): Academic Skills
  - February-August: research internship
  
- Clinical variant: (if prerequisites are met)
  - December-August: Clinical supervision
  - January-August: clinical internship and research internship
  
- Choose a variant via Qualtrics (Askpsy) request before October 31
- The choice is binding because of the number of ECTS

# Internships overview

# Master NP curriculum: you have to make a choice!

## Research variant

- 29,5 Ects in total  
(28 hours workload per EC)

Of which:

- Research Proposal 4,5 Ects
- Research internship – 15 Ects of which 6 will be included in your GPA
- Master thesis – 10 Ects

## Clinical variant

- 36 Ects in total

Of which:

- Research proposal – 2 Ects
- Research internship – 9 Ects
- Master thesis – 6 Ects
- Clinical supervision – 2 Ects
- Clinical internship – 14 Ects
- Clinical activities report, including 3 case reports – 3 Ects

# How to make your choice?

- Are you not interested in clinical neuropsychology? > choose the research variant
- Do you want to become a researcher? > choose the research variant
- Are you interested in clinical neuropsychology?
  - do the 1-yr master NP clinical variant
  - do the research variant with a postgraduate clinical internship ('onderwijscontractant'/ non-degree seeking student)
  - do the research variant with master Mental Health as second Master (note: only after bachelor Psychology and graduation from NP; Mental Health is Dutch master)
- Are you not sure yet? > choose the clinical variant or make an appointment!

# What is the research internship?

Several types of possible internships

- Own empirical research (if possible)
- Collectively gathering data
- Working with existing data (e.g., panel datasets, meta-analyses, computational modeling)
- Extended theoretical review (e.g., using Cochrane guidelines)

>> for details and additional information: always check the AskPsy internship pages

# Research internship (mandatory)

- Time period and duration:
  - \* **Research variant:**
    - Sept-Jan(-Jun): Academic skills
    - research internship starts February-summer
    - duration: 6/7 months
  
  - \* **Clinical variant:**
    - Research internship separate from clinical: January–April or May–August
    - Research and clinical internship combined: January–August
    - duration: 4 months
  
- Assessment/ end products:
  - \* (Academic skills &) research proposal (sufficient)
  - \* Practical part internship (grade 1-10)
  - \* Master thesis (grade 1-10)

# Research internship

- **WHERE?**

- \* Internal: UM / FPN / FHML with one of us

- \* External: Netherlands, other university or research group

- \* External: Outside the Netherlands, other university or research group

- **BUT ...**

# Internships under COVID-19

- Do not plan internships in risk countries (Code orange/red).
- Do not travel to countries with code orange/red without permission of FPN.
- Update on COVID-19 policy will be communicated via Askpsy
- Be alert, and during internship in case of lockdown, contact supervisors and make a plan B.
- **We always have a plan B.**

# Research internship

- You always need **2 supervisors**
- At least **1 supervisor is always from UM** > FPN, FHML

## Internal internship

To be first supervisor a PhD degree is required. Exceptions can be made:

- PhD students and Senior lecturers without a Phd holding a UTQ/BKO qualification “assessment” AND having (co-)supervised two research internships can be **first** supervisor.
- Phd students holding a UTQ/BKO qualification “assessment” and UM lecturers without a PhD can be **second** supervisor.

# External internship

→ If supervisor there has PhD degree or a track record showing experience in conducting research and writing scientific papers:

→ Then that person can be the 1st supervisor/assessor.

You need a second assessor from UM who needs to meet the same criteria as for an internal internship.

→ If the external supervisor does NOT meet the criteria:

→ he/she can assess the practical part and inform the internal supervisor about the student's performance and grade.

You will then need 2 UM supervisors who meet the same criteria as for an internal internship.

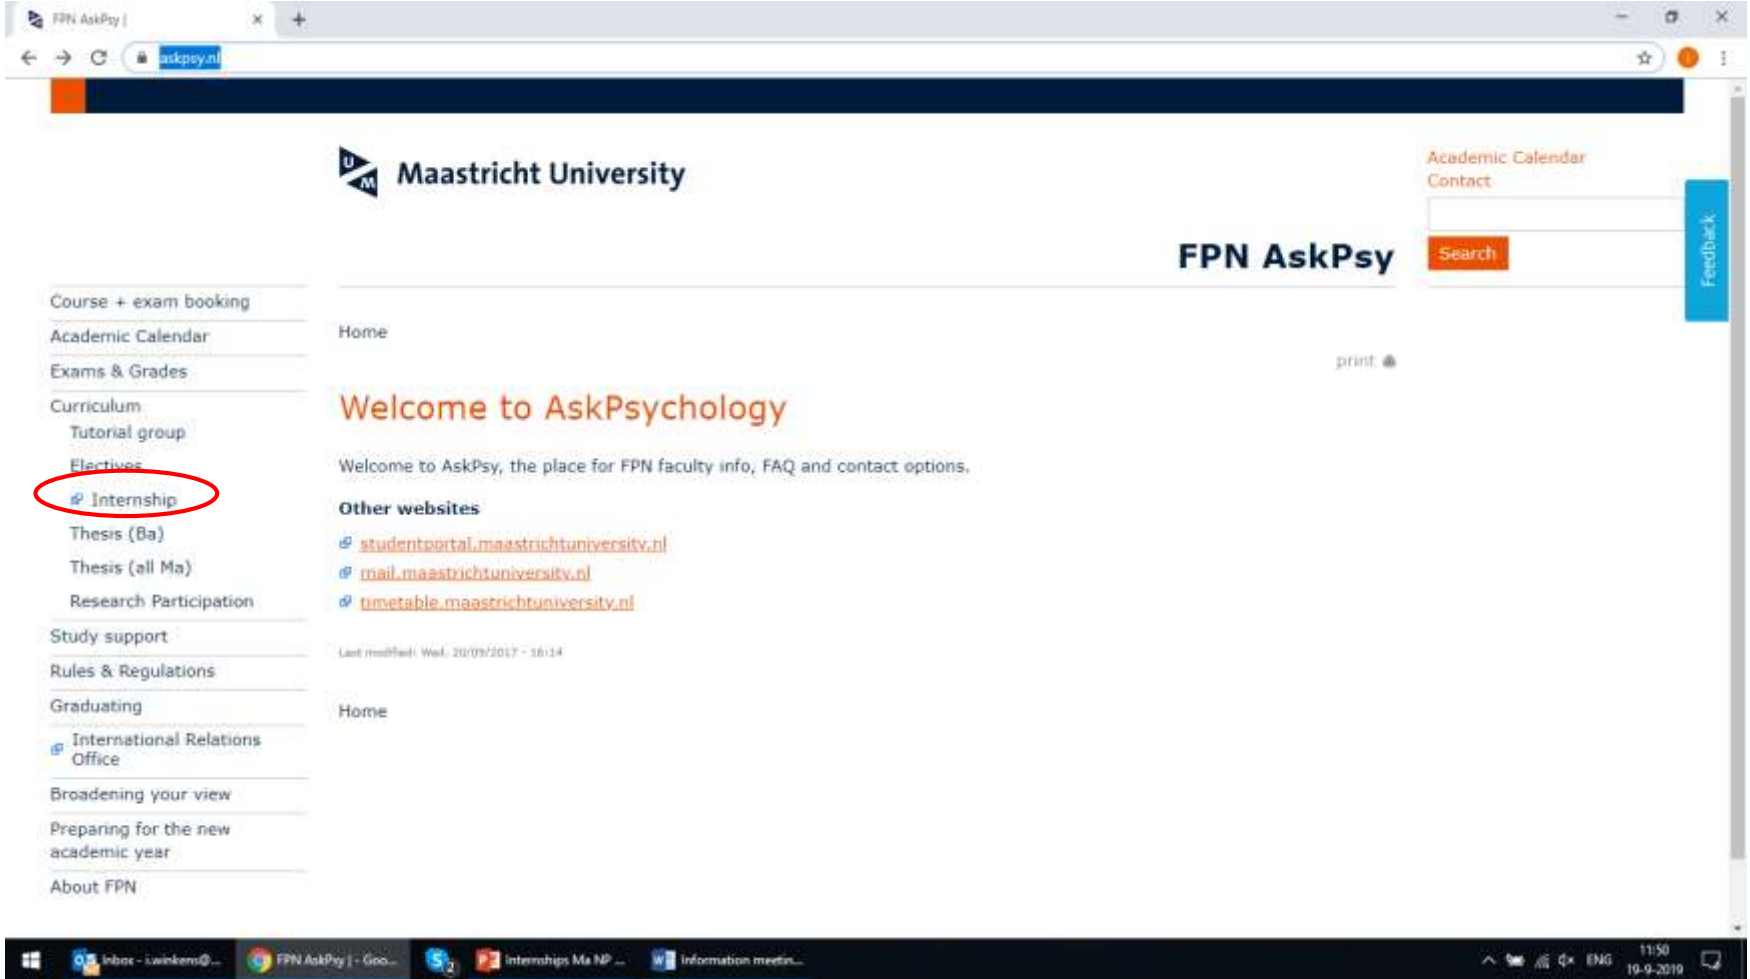

# Start searching ...

- **Own interests:**
  - What topics (courses) catch your interest?
    - Search Psychinfo/ Pubmed
  - What kind of setting/ working environment do you pursue?
    - Look at internet for possibilities/ insitutions
- **Available positions:**
  - AskPsy (see NP research internship offers as well as general 1-year master internship offers)
  - Talk to staff/ teachers (also check department pages, Face-Book)
  - Have a look at websites of other universities/institutions for internship offers, ongoing studies and contact persons
- **Help?** > Contact internship coordinator

# Apply for a research internship

- Read the information and manual research internship on AskPsy
  - Requirements, i.e., passed two main courses
- Arrange supervisors
  - Approach potential supervisors as if you were applying for a job
  - For external supervisors a factsheet is available with information about internship requirements on AskPsy
  - A “facebook” of our NP&PP department is available with specifications about expertises/research topics for finding a supervisor
- Online application form Collent (you can find the link on FPN AskPsy):
  - Personal details, information about host institution and supervisors, checklist requirements
- **Contract (legal, insured, requirements met)**
  - > no contract, no graduation**

# AskPsy

The screenshot shows a web browser window displaying the FPN AskPsy website. The browser's address bar shows the URL [askpsy.nl](http://askpsy.nl). The website header includes the Maastricht University logo and the text "Maastricht University". On the right side of the header, there are links for "Academic Calendar" and "Contact", a search bar with a "Search" button, and a vertical "Feedback" button. A navigation menu on the left lists various options, with "Internship" highlighted by a red circle. The main content area features a "Home" link, a "print" icon, and a large heading "Welcome to AskPsychology". Below this heading, a welcome message states: "Welcome to AskPsy, the place for FPN faculty info, FAQ and contact options." A section titled "Other websites" lists three links: [studentportal.maastrichtuniversity.nl](http://studentportal.maastrichtuniversity.nl), [mail.maastrichtuniversity.nl](mailto:mail.maastrichtuniversity.nl), and [timetable.maastrichtuniversity.nl](http://timetable.maastrichtuniversity.nl). At the bottom of the page, a system tray shows the date and time as "11:50 19-9-2019".

# Conducting your research internship

- Make arrangements with supervisors:
  - what do do? when to do it?
  - how much supervision?
  - how often do you meet?
  
- Research proposal:
  - as soon as possible, before data collection
  - needs to be assessed by 2 supervisors (as sufficient)
  - ethical approval
  - **planning!**
  
  - academic skills (only in case of research variant)
  
- Final assessment:
  - Master thesis (grade 1-10), mean of both supervisors
  - Practical part of internship (grade 1-10), by first supervisor

# Ethics Approval

- **ERCPN:** no longer reviews external student research projects which are not part of regular FPN research
- Students (and (FPN) supervisors) are also no longer required to present to the ERCPN approval letters of external ethical review
- A standard clause is added to the internship contracts, stating that the scientific research as part of the internship is carried out according to the applicable ethical standards
- Students shall include in their **Research Proposal** how ethical approval was or will be obtained by the person with the primary responsibility for the design and the procedure

**>> Ethical approval is still needed!**

# Clinical internship - requirements

## Requirements to start:

- Submit preference for doing Clinical variant via **Qualtrics before 31 October**
- Arrange clinical internship **before or on 12 December!** (submit via Collent)
- Pass two courses and neuropsychological assessment

## Requirements clinical internship within NP master

- > See Factsheet AskPsy: <https://www.askpsy.nl/internship/info-for-supervisors>
- 520 hours (13 weeks full-time)
- Internship has to be conducted at a clinical institution
- Be actively involved in the diagnostic cycle; intakes, diagnostics, interventions, team meetings, writing reports
- Variety in patients, research questions and testinstruments for case reports
  - <https://www.askpsy.nl/internship/clinical-internship-diagnostic-case-report>
  - <https://www.askpsy.nl/internship/clinical-internship-treatment-case-report> (NOT for BAPD/vLOGO)

## Supervisors:

- Clinical supervisor, qualified and experienced (neuro)psychologist with a postmaster education
- UM FPN supervisor, affinity with clinical work (see next slide)

# Clinical internship - Supervisors

UM FPN supervisors, affinity with clinical work:

Max Colombi: [max.colombi@maastrichtuniversity.nl](mailto:max.colombi@maastrichtuniversity.nl)

Sonja Kotz: [sonja.kotz@maastrichtuniversity.nl](mailto:sonja.kotz@maastrichtuniversity.nl)

Esther Keulers: [esther.keulers@maastrichtuniversity.nl](mailto:esther.keulers@maastrichtuniversity.nl)

Stefanie Duijvis: [stefanie.duijvis@maastrichtuniversity.nl](mailto:stefanie.duijvis@maastrichtuniversity.nl)

Caroline van Heugten: [c.vanheugten@maastrichtuniversity.nl](mailto:c.vanheugten@maastrichtuniversity.nl)

Ieke Winkens: [i.winkens@maastrichtuniversity.nl](mailto:i.winkens@maastrichtuniversity.nl)

Christine Resch: [christine.resch@maastrichtuniversity.nl](mailto:christine.resch@maastrichtuniversity.nl)

Jill Kerckhoffs: [j.kerckhoffs@maastrichtuniversity.nl](mailto:j.kerckhoffs@maastrichtuniversity.nl)

# Apply for clinical internship

- Explore the possibilities (AskPsy, internet, coordinator,.....): clinical interest?
  - children, adults, elderly
  - hospital, psychiatry, rehabilitation, nursing home, etc
  - diagnostics, treatment, both

<https://www.askpsy.nl/internship/per-programme/internship-details-1yma-np>
  
- **Application letter +job interview: motivation, be a professional!**
  
- Arrange supervisors (check BAPD reviewers)
  - <https://www.askpsy.nl/internship/clinical-internship-finding-topic-place>
  - <https://www.askpsy.nl/internship/clinical-internship-supervision-and-assessment>
  
- Online Application form (Collent), link on AskPsy:
  - host institution, supervisors, want to obtain BAPD/vLOGO?
  - **Plan B!**
  
- **Contract**

# NP in health care

- Hospital, medical psychology
- Hospital, neuropsychology
- Hospital, memory clinic
- Rehabilitation center
- Nursing home
- Mental health care, ambulant
- Mental health care, institutes (elderly, addiction, personality disorders, integral care, ....)
- Care for handicapped persons (physical, mental, multiple)
- Care for children and adolescents
- Vocational rehabilitation
- Forensic institutes
- Epilepsy center
- Private practice
- .....

# Conducting your clinical internship

- Make arrangements with supervisors:
  - what do do?
  - when to do it?
  - how much supervision?
  - how often do you meet?
  - When will you receive feedback on reports, when do you need to hand in reports? Take note of holidays!
  
- Final assessment:
  - Clinical activities report and 3 cases (grade)
  - Practical part of internship (sufficient)

# Clinical internship

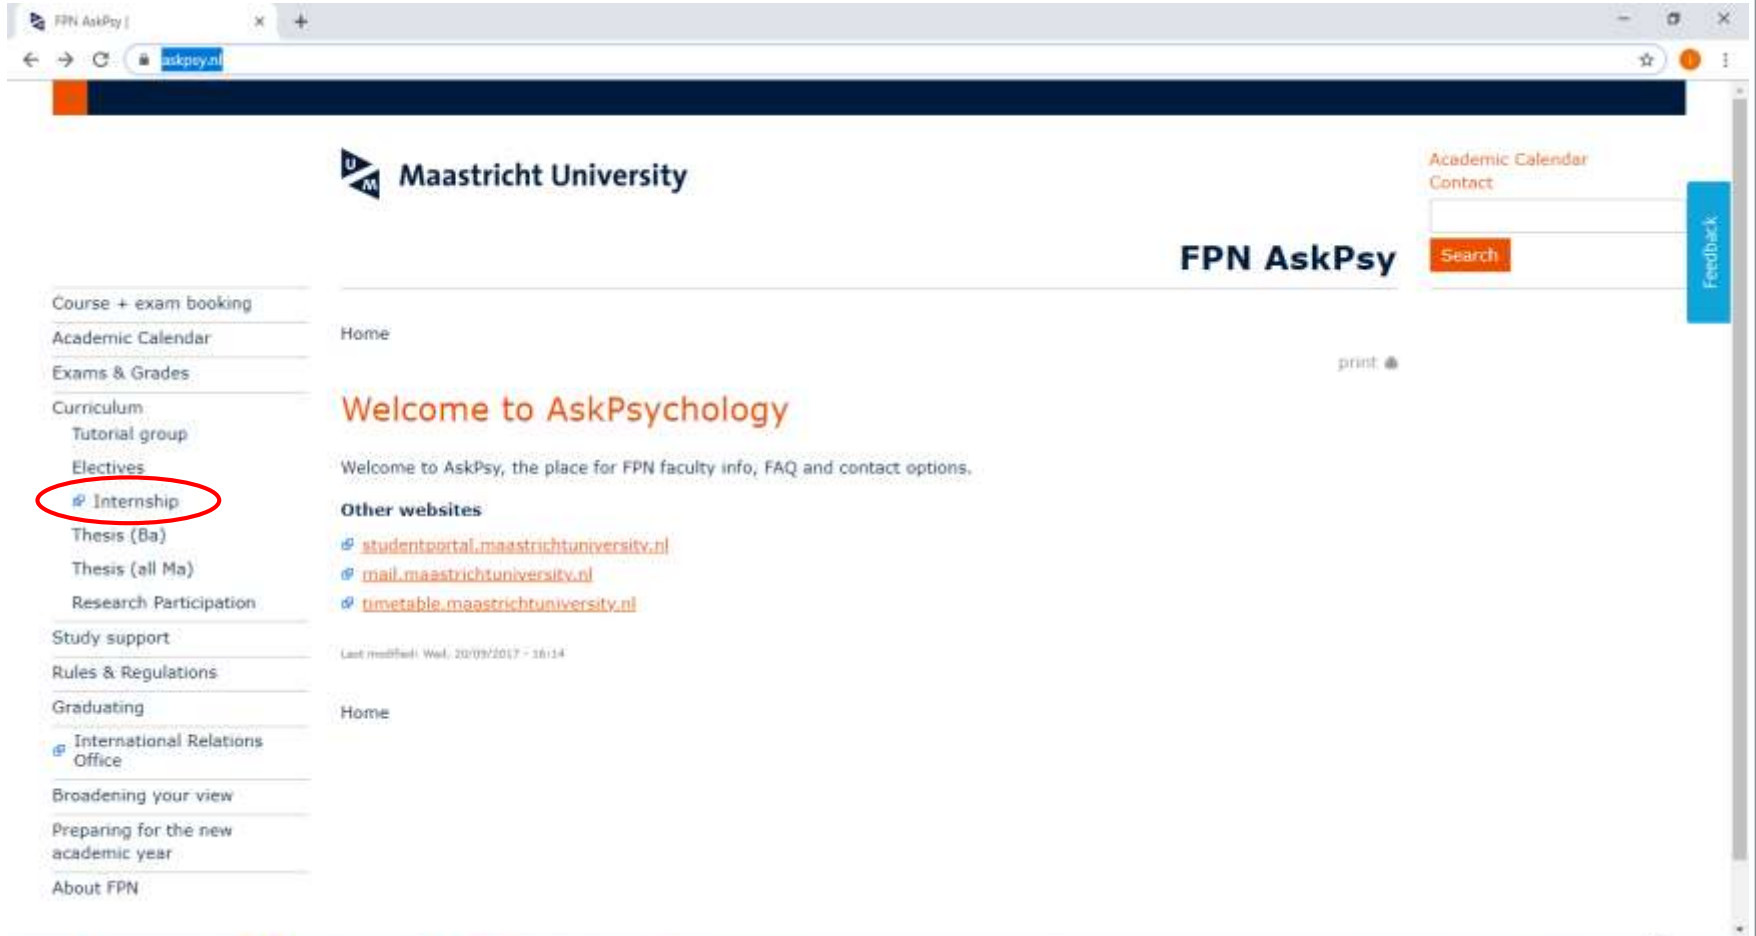

- Assessment/ end products:
  - Evaluation practical part by clinical supervisor:  
<https://www.askpsy.nl/internship/info-for-supervisors> (evaluation form institutional supervisor)
  - Clinical Activities Report (CAR) by FPN supervisor
  - 3 case reports by FPN supervisor
- Clinical supervision (PSY4084)
  - Intervention, starts in december

# SWITCH TO RESEARCH VARIANT?

- Academic skills (self-enroll)!
- Electives!

# AskPsy

The screenshot shows a web browser window with the URL [askpsy.nl](http://askpsy.nl). The page header includes the Maastricht University logo and the text "Maastricht University". On the right side, there is a search bar with the text "FPN AskPsy" and a "Search" button. Below the search bar, there are links for "Academic Calendar" and "Contact". A vertical "Feedback" button is located on the far right. The main content area features a navigation menu on the left with the following items: "Course + exam booking", "Academic Calendar", "Exams & Grades", "Curriculum", "Tutorial group", "Electives", "Internship" (circled in red), "Thesis (Ba)", "Thesis (all Ma)", "Research Participation", "Study support", "Rules & Regulations", "Graduating", "International Relations Office", "Broadening your view", "Preparing for the new academic year", and "About FPN". The main content area displays "Home" and "Welcome to AskPsychology" in orange text. Below this, there is a welcome message: "Welcome to AskPsy, the place for FPN faculty info, FAQ and contact options." and a section titled "Other websites" with links to [studentportal.maastrichtuniversity.nl](http://studentportal.maastrichtuniversity.nl), [mail.maastrichtuniversity.nl](mailto:mail.maastrichtuniversity.nl), and [timetable.maastrichtuniversity.nl](http://timetable.maastrichtuniversity.nl). A "print" icon is also visible.

# Dates to remember

- Start orienting **now**
- Choose electives **(October)**
- Choose a variant (research or clinical) before **October 31** -> if not, research variant + academic skills + electives
- Arrange your clinical internship before or on **12 December**-> if not, research variant + academic skills + electives
- Start internships in **January or February or later** (depending on performance in core courses and research/clinical variant)
- Make a realistic planning
- Final deadline for graduation this academic year: **August 31 2024**

# Questions?

- Check information on AskPsy!
- Contact:
  - Marian Pieters, educational office (procedure, forms)  
[fdp-masterthese@maastrichtuniversity.nl](mailto:fdp-masterthese@maastrichtuniversity.nl)
  - **Michael Schwartz**, coordinator research internships NP  
[michael.schwartz@maastrichtuniversity.nl](mailto:michael.schwartz@maastrichtuniversity.nl)
  - **Ieke Winkens**, coordinator clinical internships NP  
[i.winkens@maastrichtuniversity.nl](mailto:i.winkens@maastrichtuniversity.nl)

# BAPD

'Basisaantekening Psychodiagnostiek'

Certificate from the Dutch Institute for Psychologists (NIP)

Only acknowledged by Dutch practices/settings

Needed for vlogo and further postgraduate education (e.g. Gezondheidszorg/GZ-psycholoog). See [www.vlogo.nl](http://www.vlogo.nl)

# Several ways can lead to BAPD

## 1. FPN-Student

Within curriculum (NP)

NOTE: Mental Health as a second master? =aantekening testdiagnostiek, not BAPD!!

<https://www.askpsy.nl/internship/aantekening-testdiagnostiek>

## 2. 'Onderwijscontractant' (non-degree seeking student) at Maastricht University

<https://www.maastrichtuniversity.nl/about-um/faculties/psychology-and-neuroscience/education/non-degree-seeking-students>

1. LP, DP, HSP. NB first ask permission from exam committee

## 3. National NIP-committee BAPD (Open University). See [www.psynip.nl](http://www.psynip.nl)

<https://www.psynip.nl/overige-registraties/bapd/individueel-na-afstuderen/>

## **BAPD criteria**

Theoretical requirements - Check when you obtained your bachelor-degree at another university/faculty. Contact Ieke Winkens ([i.winkens@maastrichtuniversity.nl](mailto:i.winkens@maastrichtuniversity.nl))

200 hours clinical internship psychodiagnostics

Important: for GZ/vLOGO-option 520 hours of clinical internship including diagnostics and treatment-related activities are required

Clinical Activities Report, UM supervisor, see AskPsy.

3 case reports, graded by acknowledged UM supervisor BAPD!!  
See AskPsy

# GZ/vLOGO

vLOGO is needed for further postgraduate education, see <https://www.vlogo.nl/categorie/logo-verklaring>

ALSO: if you plan on working in Forensic Care or GGZ (see [www.zorgprestatie.nl](http://www.zorgprestatie.nl))

Additional theoretical requirements. Check when you obtained your bachelor-degree at another university/faculty. Contact Ieke Winkens ([i.winkens@maastrichtuniversity.nl](mailto:i.winkens@maastrichtuniversity.nl))

520 hours of clinical internship (including treatment-related activities)  
Minimally 20% diagnostics and care needs assessment, 80% treatment.  
Or minimally 20% treatment, and 80% diagnostics and care needs assessment

Clinical Activities Report, UM supervisor, see AskPsy

BAPD or other registration (aant. testdiagnostiek/verklaring diagnostiek van vLOGO)

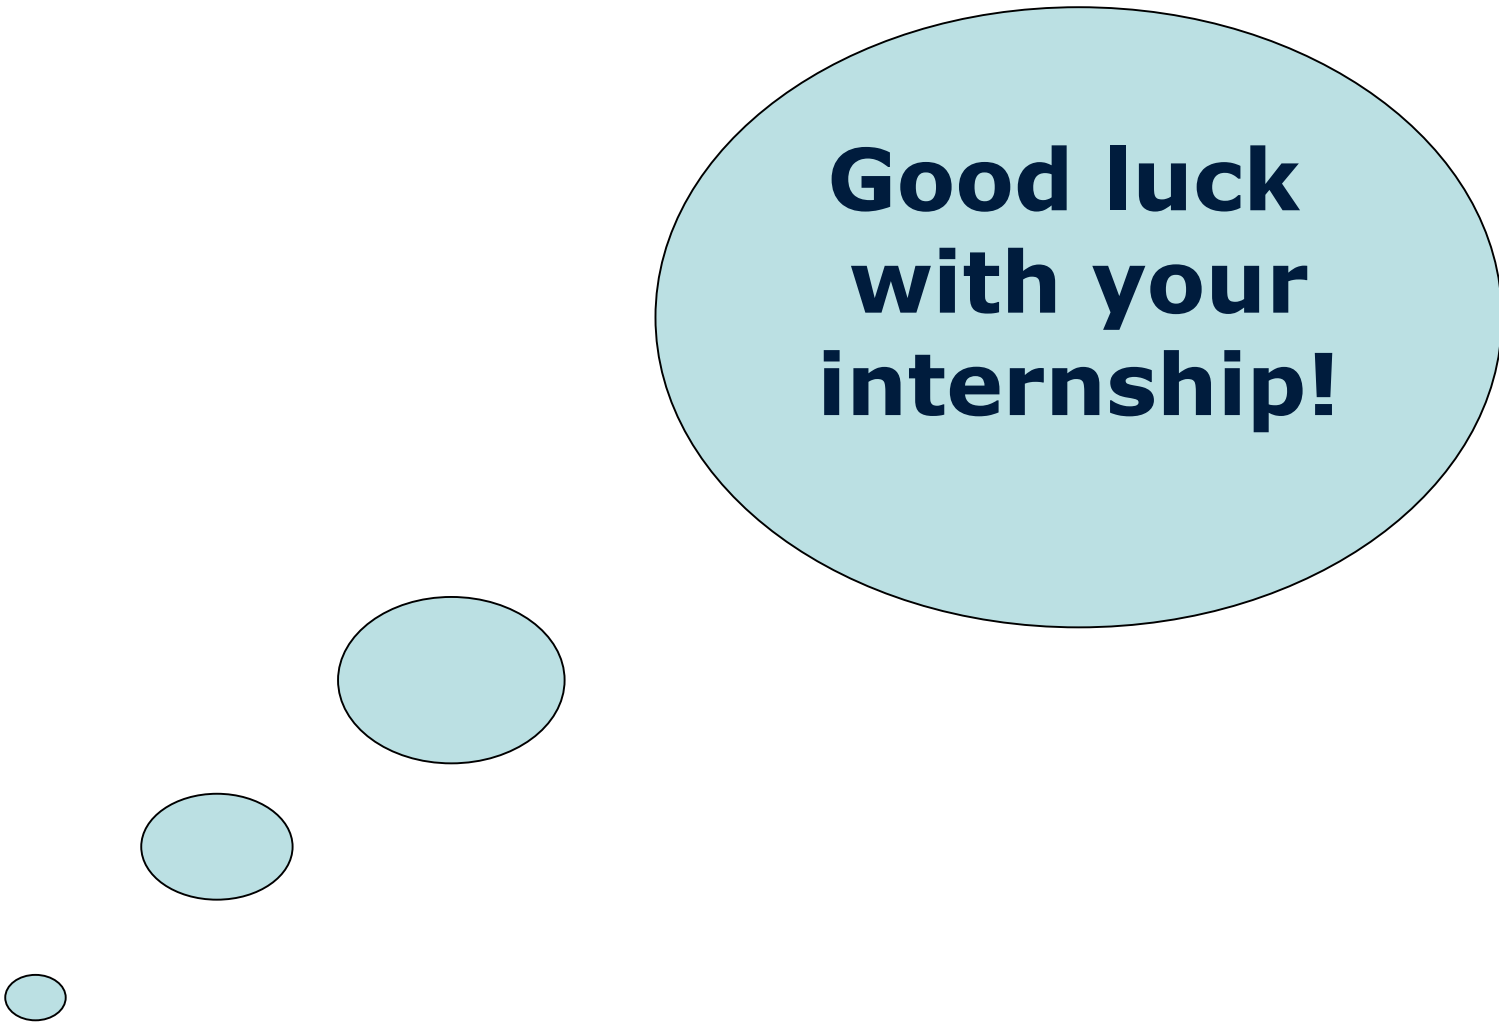

# More information

AskPsy

Or:  
Contact Ieke Winkens ([i.winkens@maastrichtuniversity.nl](mailto:i.winkens@maastrichtuniversity.nl))

**Good luck  
with your  
internship!**
