Subject: Graduation prognosis

Dear colleague,

One of our students has applied for a Master programme at your university. Your admission procedure request a confirmation that the student is about to graduate.

Our bachelor students receive a first formal graduation notice when only 6 ECTS remain to be obtained. As most selection procedures start early, he/she can only present a recent (certified) Transcript of Grades at this moment. This transcript shows the passed and failed courses until the date of issue.

The following might help you to adequately assess our students' progress:

- For a student without any study delay, we expect to see the following results:

Bachelor in Psychology	Expected total ECTS	
At the start of the 3rd year <i>Results available 3 September</i>	120 ECTS	(67%)
At the end of periods 1 - 3 (elective courses) <i>Results available 15 February</i>	144 ECTS	(80%)
At the end of period 4 (incl. thesis) <i>Results available 12 April</i>	162 ECTS	(90%)
At the end of period 5 <i>Results available 21 June</i>	172 ECTS	(95%)
Notification of graduation <i>After 21 June</i>	174 ECTS	(97%)
At the end of period 6 = End of study (graduated) <i>Results available 19 July</i>	180 ECTS	(100%)

- For each course, students have two exam options per year. One directly after the course and one later in the year. A complete overview is available at www.askpsy.nl/academic-calendar.

We wish you and our candidate all the best,

Kind regards,

Catharien Kerkman,
Head of the Education Office FPN
