Subject: Bachelor in Psychology curriculum

Dear Sir/Madam,

One of our Bachelor students has applied for a study at your institution.

He/she requested us to specify which courses of our Bachelor in Psychology curriculum specifically address Clinical Psychology, Developmental Psychology or Personality Psychology.

Maastricht University - Bachelor in Psychology (2017 - present)

Courses specifically related to Clinical Psychology:

- IPN2024 Psychopathology (second year), for 6 ECTS.
- IPN3131 Skills V (third year), for 1 ECTS.

Courses specifically related to Developmental Psychology:

- IPN1025 Development (first year), for 6 ECTS.
- IPN1028 Learning and Memory (first year), for 1 ECTS.

Courses specifically related to Personality Psychology:

- IPN2022 Personality and Individual Differences (second year), for 6 ECTS.
- IPN2021 Complex Cognition (second year), for 1 ECTS.

Detailed information on all current and past courses of our Psychology programme can be found via <http://go.askpsy.nl/cc>.

Yours faithfully,

Dr. Ieke Winkens
Clinical internship coordinator,
Faculty of Psychology and Neuroscience
